METHODIST CHURCH

Rev. John W. Hendrix, Pastor

Church school seems to be doing fine, considering it is summer time. Some are busy, awfully busy, some have gone to see the wife's folks; still some never forget to join the happy band that meets at Sabbath school, 9:45 A. M.

It comes upon excellent authority that there will be no regular hours of public worship this Sunday at the Baptist church. The Encampment at Lueders is in session. It might be that some of the people will not attend the Encampment and in case they do not this is a most cordial invitation to worship with us, either or both hours, 10:50 A. M. or 8:15 P. M. Will indeed be glad to have you.

MORNING WORSHIP offers choice music by the choir and the pastor will speak, using as subject, "Jesus Discovers a New Specimen." Yes, Jesus furnished his twelve disciples a specimen to examine which had never been presented up to that time. Let's study about it together.

EVENING WORSHIP always assembles an interesting group of choice listeners. It is a most enjoyable service. It seems to be a very profitable service. It invites you to consider this question, "What Kind of Preparedness Do We Need?" We are all most certain we need some sort of preparedness, but really there might be some question as to what sort. This is to help to settle such a mooted question. Or is there just one kind of preparedness we need?

LEAGUES at the regular time—each of them in their separate worship at 7:30 P. M.

GUNS UNNECESSARY—The following notice was recently given in an English pulpit:

"The service on Sunday morning is at 10:50 A. M. The supposition that it is ten minutes later is a mistake. The seats in the front portion of the church have been carefully examined. They are quite sound and may be trusted not to give away. It is quite legitimate to join in the singing. The object of the choir is to encourage, not to discourage the congregation."

THE FERGUSONS AND NATIONAL DEFENSE

Very few people are discussing politics. Every one is talking war. This is as it should be for the first qualification of good citizenship is patriotic love for the Nation and the red-blooded desire to defend it. Governors may come and governors may go but the first instinct of every true American will always be to preserve National safety at any cost.

However, we must soon face the duty of electing a governor and a legislature to serve during the two stormy years just ahead. When a hurricane strikes, only an experienced pilot can guide a vessel safely to shore. In the dark days before us, only seasoned leaders should be placed at the helm. This is a vital and necessary part of National defense.

Serving as a war governor is not a new experience for the Fergusons; it will only be a repetition of similar service rendered during the first world war, if we are forced into another contest.

With the help of President Roosevelt they ministered to the needs and suffering of the unemployed in time of peace; by his side they will meet the problems and the dangers that arise in time of war.

The Fergusons have been weighed in the balance and not found wanting. They have stood the test; they have kept the faith. (Political advertisement by Miriam A. Ferguson)

Halliburton Cementers Hit Oilers Hard, 8 to 3

Wednesday afternoon Hamlin people turned out almost 100 per cent to see the famous Halliburton Cementers of Duncan, Okla., play the General Crude Oilers. The grand stand was crowded with "weary-worn" clerks and businessmen.

When the Halliburton Cementers came to town, folks know it's a snow. These fellows are big steers, and fitted out in bright red uniforms and every fellow has a grin on his mug that makes one cheer them even though they beat the hind leg off our home boys.

The Hamlin boosters were there in big fashion and with them were many from Aspermont, Stamford, Anson, Rotan, McCauley and all about over the farming section—it was their best chance to see a "pro" base ball game this season. Hamlin people do not attend Sunday base ball and Wednesday was their day of days.

The game started off nothing and nothing and finally the big "Catch" Mr. Utt began to feel out the field by sending a batch of "left" fouls almost up to the F. & M. Bank (?) and then to prove he could just lift one out into the Harden mesquite pasture, he was followed by Governor and Nance (big Cementers) who proved they could do as well as the big boy Utt. Seven scores to 2 was bad enough, but not much more was gained by either side. It takes a good team to overcome a five lead.

Hamlin Oilers played a dandy game but the big boys from the Oklahoma oil fields handled the timber too long and hard for them. Courtney for the Oilers took 11 strike-outs off the Cementers and Parker secured but 3 on the Oilers. But Courtney permitted 9 walks. Parker none.

Everybody got their money's worth... even if the Home Oilers can't always win.

BAPTIST CHURCH

There will be no services in the local church this coming Sunday. We are planning to go in a body to Lueders Encampment grounds to enjoy the fellowship of the annual encampment which closes on that day. We will meet at the church at 8:15 A. M., make out our Sunday school report, and then go in a body to Lueders. Each family will take enough lunch for the immediate family.

We will begin a new quarter's work beginning the first Sunday in July. Reports show a very high average in Sunday School attendance this past quarter, and we hope to equal this average this coming quarter, if not excel it. Remember our prayer meeting on Wednesday at 8:00. In this time of crisis, we need to make much of prayer, and our prayer services should be well attended.

Thank you for your attendance and interest this last quarter. Let's have even a greater quarter beginning in July.

Mrs. W. F. Martin and Son, W. F., Make Red Cross Contribution

No special effort has been made in the Hamlin community so far to secure funds for Red Cross relief work, but already a fine contribution has been made by W. F. Martin and his mother, Mrs. W. F. Martin. These fine people are ranch owners, twelve miles northwest of Hamlin. Here is what they say:

"American Red Cross, in This Community:

"Here is my contribution of \$50 to help the American Red Cross in its fight to relieve the suffering brought on by the war in Europe."

C. C. C. ELIGIBILITY STANDARDS REVISED

Word has been received that young men between the ages of 17 and 23 1-2 years who are of good character and are unemployed and in need of employment are now eligible for enrollment in the Civilian Conservation Corps notwithstanding the fact that their families are not in need of the customary allotment. The applicant will be required to supply the usual proof of age and, if indicated, citizenship and previous service in the Corps. He will also be required to bring a statement from the head of his family to the effect that the allotment of \$22.00 is not needed by the family. Then he will qualify on a "deposit" basis, which means that the amount of the allotment will be deposited for the enrollee until the end of the enlistment period.

However, applicants chosen from families in which the allotment is needed will be given priority. Allotments from this latter group will continue to be sent to the dependents.

All young men interested in enrolling in CCC should contact the County Welfare Worker in the City Hall at once since there will be an enrollment in the early part of July.

Mmes. Clinton Barrow, Bill Rountree, R. B. Wiar, M. T. Hudson, John W. Hendrix, Don Gould, Joe McCrary, W. J. Poe, C. F. Butcher, Brooks, D. O. Congressman Garrett Explains Methods Of Employment New Defense Program

D. F. GRIFFIN DIED WED., JUNE 19TH

A heart ailment from which he had suffered for nine years proved fatal to D. F. (Doc) Griffin at his home in East Hamlin, Wednesday night, June 19, at 11:45 o'clock. While he had been confined to his bed part of the time for several years, he was seriously ill only a short time.

Mr. Griffin was born in Milam County, July 18, 1885, where he lived until 1906 when he came to west Texas.

He was married to Miss Macie Holt in Mitchell County in 1910 and four years later and he and his family came to Hamlin where they have since made their home. For a number of years he was in the employ of the Orient Railway Company, now the Santa Fe.

Surviving are his wife and eight children; Mancel Cleve and Agatha, of Abilene; Sylvia Dee, Carmelita, D. F. Jr., Ancie Gray, Jesse Leon and James Irvin, of Hamlin. He is also survived by his mother, Mrs. A. G. Griffin, of Hamlin; two brothers, L. E. Griffin, of Hamlin and Arnold Griffin, of Okemah, Oklahoma; three sisters, Mrs. T. J. Weathersbee of Rotan, Mrs. J. O. Shurtliff, of Colorado City and Mrs. J. D. Rountree of Hamlin. All were present for the funeral.

Funeral services were held Thursday afternoon at 4:00 o'clock at the First Baptist Church, conducted by the pastor, Rev. H. E. East assisted by Minister Bruce Proctor of the Church of Christ. Burial was in East Cemetery under the direction of the Barrow Company.

Pallbearers were Harry Stacy, Joe Dillingham, Fate Beavers, John Greenway, Fred Moore and Lem Revell.

Flowers were carried by Mmes. Harold Bonner, Q. Martin, Bell, Horace Henry, Craig Harvey and Miss Elva Greenway.

Budget Notice

The City Council of the City of Hamlin, will hold a public hearing on the "Budget" of the City of Hamlin, for the fiscal year ending April 30, 1940, said meeting to be at the City Hall, July 16, 1940, at 8:00 P. M. (35-3T)

Mr. and Mrs. J. W. Wendel returned last week from a visit with their daughter, Mrs. T. E. Vernon, Jr., in Avondale, Arizona, and with their son, H. C. Wendel in Stockton, California. They also visited the World's Fair in San Francisco and attended the General Assembly of the Church of the Nazarene in Oklahoma City. Mrs. Vernon accompanied her parents to California, and on to Hamlin for a short visit. She returned to her home in Avondale last Friday.

* Due to the many inquiries which I am having as to the manner in which people will be employed under the new civil portion of the defense program, I am asking that the following be given publicity in your paper:

The new appropriation bills did not relax Civil Service requirements and consequently all persons who work for the Government in this program will be under Civil Service.

Preference will be given those with Civil Service status who have worked in the so-called "emergency" agencies, provided they have registered for the work and can show their Civil Service eligibility.

The main needs of both the War and Navy Departments during the next year will not be for clerical help but will be for skilled employees in the various arts, crafts and trades and their place of employment will be in the field establishments and not in Washington. The best way to find out about employment possibilities is to apply to the commanding officer at the nearest War Department establishment, or to one of the two kinds of Civil Service Commission offices.

The people in Texas, interested in this employment, should contact the Tenth District office of the Civil Service at the Old Custom House Building, New Orleans, Louisiana, or to the local Civil Service representative, who will be found among the Post Office employees in second or first class offices. These men can give you the information or tell you whom you should contact.

All persons interested in craft or trade positions or in skilled positions as laborers should register in one of these district offices or at the nearest United States Employment Office. Do not try to get a job in any of the government rearmament programs outside of your own immediate territory until you have Civil Service status or have contacted or have been contacted by the United States Employment Office in regard to a position as it is felt best to use those nearest the job to serve, to prevent dislocation of persons from their home environment and too much floating around over the country. When the labor, skilled and craftsmanship, of any section is fully employed then others will be brought in from adjacent territory.

This information is given that our people may not go to unnecessary trouble and build hopes of sudden employment too quickly. I shall be glad to give other information in regard to this program as it is available.

THE POWER OF MIGHT

The Battle of AUSTRIA.

The Battle of CZECHO-SLO-

The Battle of POLAND.

The Battle of DENMARK- NOR-
WAY.The Battle of HOLLAND-BEL-
GIUM.

The Battle of FRANCE with such side-shows as Albania, Finland and now Romania, mark the footprints of Hitler and his buzzard henchmen. Now the Chapter of the "Battle of England", with Japan and Russia lapping blood just around the corner, starts.

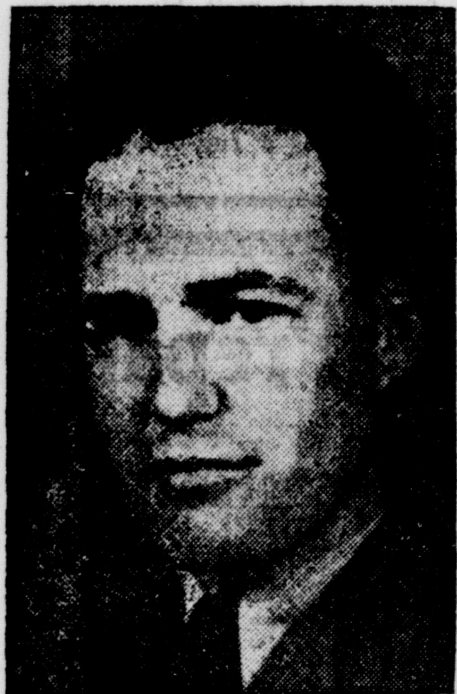

Nobody can fathom what a week may bring. But it appears that the greatest siege of all times, including the densest population and more millions than ever before, so besieged, is right now apparent. Not many have any hope of England holding off two of the most ruthless powers in Europe. Starvation and all kinds of misery is bound to come. This "Battle of England" will touch more hearts than any other country in the world, for England stretches around the world and includes every English-speaking person in the United States.

The sooner this nation comes out openly in behalf of Great Britain, the best step will be taken for holding Hitler on his side of the Atlantic. To stop Hitler somebody must take the war to his people.

As the chapter of "The Battle of England" continues, we may read of a thousand boats, big ones, little ones, new ones, old ones, Norwegian, Danish, Dutch, Belgian, French, Italian, German and Spanish boats, maybe two thousand of them, loaded to the limit with men, guns, tanks, shells, all kinds of machines, headed towards the English shores, vying with each other as to which can get there first... a hundred different spots of attack, on the east, the west, the north and the south, all at the same time trying to land and get a toe-hold.

"The Battle of England" will no doubt see literally thousands of fast planes, bearing the insignia of Germany, Italy, and Russia bearing down in dives with hundreds of thousands of whining, whistling bombs, just ahead of the boats... this could happen "here," and do not fool yourself about that while you read of the "Battle of England."

"The Battle of England" will introduce the miserable cry of hunger, of disease, of suicide and of treason and nations now enjoying peace and regular security will find themselves being pulled towards the

District Attorney Otis Miller Submits Platform For Congress

District Attorney Otis Miller, of Anson visited the Herald Monday to place his formal announcement as a candidate for Congress, 17th District.

Otis Miller has lived in Jones County 33 years, and perhaps his life's history is better known in this community than any other candidate for any office in the coming primary. He served this county as County Attorney, Judge and District Attorney, and other prominent honors and responsibilities.

Mr. Miller submits the following statement and platform:

1. I am in favor of the preservation of state's rights. The practice of bartering away our state's rights for Federal money grants must be stopped. The freedom and happiness of a people in a democracy are best secured and safe-guarded by the retention of all the rights possible in the hands of the government nearest to the lives of the people. The further away from the people the rights of the people go, the less sacred they are regarded.

2. I am opposed to the creation and maintenance of conditions more favorable to one section of our nation than to another. Our freight rates, tariffs, and Federal trade regulations must be overhauled to give every section of our nation equal opportunity for industrial development.

3. I am opposed to the further extension of Federal control over the lives and business interests of the American people except where further Federal police or government regulation is absolutely necessary to protect the public from evils with which our state and local governments cannot cope.

4. I am in favor of "nipping in the bud" the insidious practice of one state erecting "business barriers" against a sister state, such as Wisconsin, Minnesota and the dairy states of the Midwest have sought to erect against the Southern states marketing vegetable oil compounds, particularly cotton oil fats and shortenings, in competition with butter. Unless our states tear down the barriers already erected and keep open the channels of trade between the states, we run the risk of destroying the common union that is the very bulwark and strength of the nation.

5. Since the chief interests of the 12 counties composing the 17th congressional district are mainly oil, livestock and cotton, I am in favor of doing all that can possibly be done to further the interests of the oil business, the cattle, sheep and goat businesses, and the farming business, asking no special favors that would prove detrimental to other sections of the nation engaged in a like business, but leaving no stone unturned to secure every legitimate advantage for the oil man, the livestock man and the farmer of this congressional district.

6. Specifically, I favor overhauling the farm program to prevent what is now taking place under the present farm program, namely, driving off the farms thousands of tenant farmers. This is bad business for the merchant, as it cuts down the number of customers in his trade territory. It swells the relief rolls and adds to the burden of taxation, already too grievous to bear.

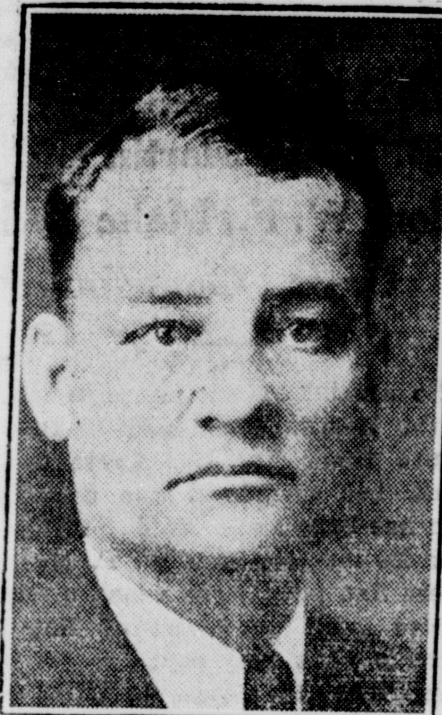

I favor revising the methods of cotton allotments so as to prevent the discrimination that now exists against West Texas counties where fertilizer cannot be used to increase production on reduced acreages.

Since maize, hegari and other sorghum grains are better soil builders than either cane or sudan, I favor abolition of the requirement to plant either cane or sudan on soil conserving acreage.

If we can get the U. S. Supreme Court to declare the processing tax constitutional, I am in favor of re-enacting the processing tax bill and paying the farmers a parity price for all their farm products, allowing them to plant their farms in whatever crops they please. This would eliminate the danger we run under controlled production of shortage from poor crops in time of war if we are forced to go to war.

I am in favor of allowing the farmers of West Texas counties to plant all their land not planted to cotton in feed, since we cannot take the government checks to buy fertilizer and produce more feed on restricted acreage than we did on unrestricted acreage, as is the case where rainfall is plentiful.

7. I am in favor of a safe and sane old age pension policy. However, I am not in favor of building up in the minds of our old people a false hope of securing any more

OTIS (Oat) MILLER
Of Jones County
Candidate For Congress

than a just, equitable and adequate old age pension. I will at all times work untiringly for paying to them, regularly and promptly an adequate old age pension. When the rest of our people are preparing to shoulder additional heavy tax burdens to make our army, navy and air force strong enough to guarantee our national safety, I know that our old people would not ask more than an adequate old age pension.

8. I am opposed to our country sending men to fight Europe's wars, but I favor sending England and her allies every material aid possible in the greatest amounts and at the earliest moment possible so long as it is consistent with the usages of international law.

However, I am not in favor of sacrificing our national honor in order to avoid war. Both my Grandfathers and my Father ahead of me fought to preserve this nation of ours. I served in the World War and I am not too old but what I could go again if my country called me. I believe we can stay out of war, and I am in favor of such a policy, provided we can do so without losing our self-respect and our national honor.

I am in favor of building up on this western hemisphere a sisterhood of nations that can make the rights of democracy enfold in the face of old-world dictatorships.

9. It is my firm conviction that what this country needs more than anything else is a good case of religion and a job to work at. If I am elected to congress, I shall seek to foster the kind of government that makes honest men and women of our people—not the kind of government that teaches its citizenship to seek to get something for nothing.

10. I am opposed to the vicious doctrine now in vogue in our country that as long as the government is running a gravy train every town and community should sidetrack as many cars of gravy as it possibly can. This false theory of spending will bankrupt any nation. A nation is nothing more than an aggregation of individuals. An aggregation of individuals cannot violate the economic laws any more than a single individual can without paying the penalty.

I am in favor of the Federal government maintaining every service that is feasible and that pays real dividends, such as the CCC camps, soil and water conservation facilities, the farm program, yard sticks to measure public service utilities by, and all such dividend paying services. However, I am strictly opposed to pouring money into swimming pools, golf courses, and such like folderols. Not many people play golf as compared to the taxpayers soaked for such government luxuries, and a swimming pool is used about three months out of the year.

I am in favor of taking such funds, if they are to be spent anyhow, and putting them into the funds now being used to buy farms for jobless people—loans, if you please, that will be paid back.

11. I have always held to the view that I owed my government my loyalty, my allegiance, and my best effort. I have never held to the view that my government owed me anything but police protection and the preservation of my rights and liberties.

I am opposed to asking too much of the government and giving too little in return.

I am opposed to the government doing for its citizenship what its citizenship can and should do for itself. However, I am in favor of the government affording the citizen an opportunity to do for himself. Too much paternalism from the govern-

ment, like too much credit from the bank, is not a good thing.

I do not believe a nation, any more than an individual, can spend itself into prosperity.

I am not opposed to the Federal government doing what it should rightfully do, but I am unalterably and eternally opposed to the government poking its nose into the very life and everyday business of the people. This should be left to the local and state governments. Let the Federal government stay within its sphere and scope of authority.

Good statesmanship would demand that any spending we might be able to do over and beyond the new preparedness program should go for new military highways, improved air landing fields, interior waterways, flood control and similar lasting benefits.

12. I favor a foreign policy in which the Congress, the President, the State Department and the People all have a part. In past years, the people have seldom, if ever, been taken into the confidence of Congress, the President, or the State Department when questions of foreign policy have been under consideration.

Consequently, there have been times in our national history when the people were not prepared to follow the Congress, the President and the State Department because of this lack of unity and understanding of our foreign policy.

I favor an immediate and nationwide campaign to sell the American people on the idea of a Western Hemisphere politically and economically united for permanent peace and trade. Unless we do this AT ONCE, it may be too late. Germany and Italy already have a dangerous foothold in South America because of their several million Nationals living there. We must in deed and in truth become neighbors to our sister South American peoples. Americans should travel in South America and encourage South American travel in the United States. We must build highways across the Western Hemisphere to make travel and communication easy. We must become as it were one people politically and economically. Our oceans may protect us from European invasion and territorial aggression, but they cannot stop the economic invasion that is bound to come with peace in Europe. We must stop that by welding

Mrs. Will Knox Died Wednesday Morning

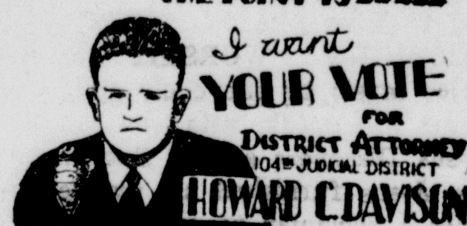

Mrs. Will Knox, who resided in South Hamlin, passed away Wednesday morning at 10:14 o'clock, following a period of many years' of ill health.

Mrs. Knox was 57 years of age. She was born in Bell County, Texas, November 9, 1882. She was married to Will Knox in Anson nearly forty years ago.

The survivors include the husband, four daughters and one son; Mrs. Carl Putnam of Clyde; Mrs. Jean Holden, Mrs. Sam Wilcox, of Hamlin; Mrs. Ed Butler of Anson and Bill Knox, Jr., of California. All of the immediate family were present when death came, except the son.

Mrs. Knox was a member of the Methodist church and the funeral was held at 10 A. M. at the Barrow Funeral Rooms Thursday, with Rev. L. P. McCrary in charge. The body was placed to rest in East Cemetery.

THE BOY

who

"HAS NO FUTURE"

He is an American boy.

There are fifteen million like him in America; as young, as eager, as promising.

Yet some people feel sorry for these boys. They tell us American frontiers are gone. They say there is no future for youth in this country.

Do you believe such statements? We people of your electric company don't believe them, and we'll tell you why:

Fifty years ago the electric industry had barely begun its existence. There were no automobile, radio and aviation industries. Coming right up to date, here are a few of the things we didn't have as recently as 1930:

Streamline trains. Transoceanic air service. New plastics and resins. Synthetic rubber. Synthetic vitamins. Sulfanilamide and sulfapyridine, drugs that are revolutionizing medicine.

There are always new frontiers and new futures in America. In good times and bad, Americans work to make the good things of life better and cheaper. The employees of your electric company are typical: their efforts have helped make it possible for this company to give far better service than it could give twelve or fifteen years ago, and to charge about half what was charged then.

The men of your electric company were once American boys. They believed in their own futures and the future of their country. They worked to make the future better for themselves and their fellow citizens. They hope today's young Americans will not listen to pessimism, because they know that every American has a future if he sincerely believes he has.

There was a time

—when old fashioned heating
methods blistered your face
while your back shivered.

But now...

with natural gas service,
winter can be just another
pleasant, healthful season in
the modern home.

A timely reminder

Make your plans now for winter heating
ahead of the usual fall rush

Do you remember the old days? Old-fashioned methods of heating... children wore heavy underwear and long stockings in order to keep warm... members of the family "huddled" in one or two rooms during cold weather... mother went shivering about the house with a shawl around her shoulders... someone was always "catching cold"—Remember? There is a direct relationship between your family's health during winter months and the way you heat your

home. Sudden changes of temperature during the treacherous months of cold weather are dangerous. If you follow the old-fashioned practice of "huddling" in one or two rooms while the rest of the house remains unheated—YOU ARE TAKING

CHANCES WITH YOUR FAMILY'S HEALTH. Plan now to have adequate heat and healthful temperatures in every room in the home this winter. It's the modern way to fight the "common cold."

The cold germ is responsible for more than two hundred million illnesses each year. Don't give a "common cold" an even break!

Strauss Dry Goods Co. Launching A July Sale

This week the Herald has printed several thousand four-page circulars for the Strauss Dry Goods Co., of Hamlin. Kurt Schoemann says that he knows of no better way to celebrate the 4th of July than to offer a lot of his goods at extremely low prices. Kurt is taking a long risk in reducing prices here on what looks like the brink of war. Anyway, the Herald has done a big job for the Strauss Store and if the reading matter is a bit short this week, remember to blame Kurt Schoemann and his sale.

Mrs. Lela Pyeatt Buried Last Friday

Funeral services were held for Mrs. Lela Pyeatt, Friday afternoon, June 21, at 3:00 o'clock at the First Methodist church, conducted by the pastor, Rev. John W. Hendrix. Burial was in the Neinda cemetery under the direction of Barrow Funeral Directors.

Mrs. Pyeatt owned farm property near O'Donnell and was there looking after business matters, and on Wednesday evening while enjoying a game with friends she suffered a heart attack and died suddenly, death occurring at 8:45 o'clock, before a doctor could arrive.

Mrs. Pyeatt was a sister of Mrs. Sam King of Hamlin, and had visited often in Hamlin. Her early girlhood days were spent in the Neinda community where her parents had come to make their home some forty years ago.

Mrs. Pyeatt, the daughter of Mr. and Mrs. J. E. Harris, was born November 14, 1881, in Wise county and when 9 years of age came with her parents to Jones county. She was married to W. E. Pyeatt at Neinda in December, 1898.

She had been a member of the Methodist church for many years.

Surviving are two sons, V. H. Pyeatt, a teacher of Printing and Vocational Education in a Dallas High school, and L. M. Pyeatt, a geologist, of Houston; three sisters, Mrs. Sam King, of Hamlin; Mrs. Lora Curtis of Abilene and Mrs. N. M. Weaver, of Dallas; three brothers, Dr. E. M. Harris, of Cushing, Oklahoma; Dr. J. M. Harris, of Wilburton, Oklahoma, and L. B. Harris, of Hillsboro, Oregon, and one grandchild, Edward Pyeatt, of Houston.

All immediate relatives were present for the funeral except the brother who lives in Oregon.

Anything that will hold an inch of water makes a good nest for mother mosquito to deposit a batch of eggs, and later, O Gosh, it just takes a few days of warm weather to do the trick. Look out for old buckets, old cans, NOW.

Mr. and Mrs. J. D. Rountree received a message Wednesday night that a new grandson arrived at the home of their daughter, Mrs. R. T. Spaulding at Norman, Okla.

A "dead beat" is despised by all humanity—except a dead beat.

Mosquitos are a sign of filth, neglected sanitation, and pure cussed carelessness on somebody's part. Are YOU going to be a volunteer to fight mosquitos in Hamlin this season, if so commence NOW.

Stores Will Close All Day Thursday, July 4

The Herald has been handed a list of 49 business firms and offices indicating that they will not open for business on Thursday, July 4th.

That sounds good to all the folks who may want to go places, fish, play golf or maybe cut weeds, while their minds dwell on the blessings of freedom and prosperity.

Owing to the fact that time is too limited, the Herald is not listing the names of those who signed to close. To say 50 places is enough to tell you that it will be hard to buy anything in Hamlin next Thursday.

HAMLIN HERALD ONE DAY EARLY NEXT WEEK

Next week, the Herald will go to press one day early so that we can have a day off to celebrate, cut weeds or do some repairs. So bear this in mind and rush what you may want to be published as soon as possible. The late comer will be left out. All copy must be in by 8:00 A. M. Wednesday, and better if in by 8:00 A. M. Tuesday. Don't forget.

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, scur stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses: 25c.

The Herald has a card from Farrow Burns who is a sailor on the battleship Maryland, mailed June 13 "somewhere". It showed a beautiful mountain scene, "The Pali, Honolulu". Farrow says "I can't understand why so much uneasiness and alarm there over the European problem. I think people are letting their imagination dominate them." Farrow is a sailor and sailors are not allowed to know all that the folks back home do.

Ma Asks O'Daniel

O'Daniel says that he will approve any tax law that the legislature will pass. He, therefore, surrenders his official liberty, and we then ask: What protection has the taxpayer against an extravagant legislature?

Does he mean that he will approve a 5 per cent sales tax? Or a 10 cent tax on oil; or does he mean he would approve the repeal of the homestead tax exemption law? Or does he mean that he will forget his veto powers and leave the people without a governor who is not afraid to protect them?

Be sure to vote for Ferguson.

PLANS ALL SET FOR COWBOY REUNION

Have you heard the story of the cowboy who went to town and got fed up on war talk? Finally he expressed his opinion in this wise: "Them Dutchmen may whip the French, they may wallop England,

they might even cross the ocean and take the eastern states. But I'm tellin' you! If Hitler ever gets out here to Shallowwater, he's goin' to have one helluva fight."

Well, in spite of Hitler and high water, we're going to have the biggest round-up ever seen in these parts in Stamford July 2, 3 and 4th. Forget the war and come "jine in the fun."

SKIMPING IN WRONG PLACES OFTEN COSTLY IN LONG RUN

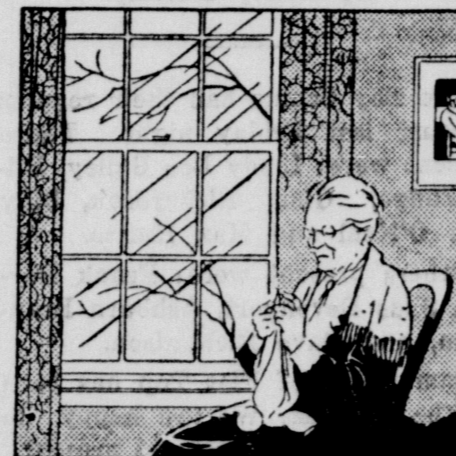

CUTTING COSTS ON FUNDAMENTALS MEANS ENDLESS
TROUBLE AND EXPENSE IN YEARS TO COME

CRACKED WALLS—Often caused by uneven settling of footings and foundation. Skimping on footings in either size or concrete mix is poor economy.

CREAKY FLOORS—Very often the result of skimping on size of floor joists. Another example of the wrong place to cut costs.

DRAFTY WINDOWS—Result of poor fitting and cheap construction. A few dollars extra spent for precision built windows and frames would save enough in fuel costs to pay for slight extra cost.

Where is it wise to cut costs in your new home and where is it wise to buy the best? This is a problem that most home builders face more than once during construction. And what is the answer? It is a problem that every home owner must settle to the best of his ability with the help of his contractor and architect.

Replacement Big Factor

There is one general principle that can be set down here, however. Briefly, it is this. Any part of your house that it is not practical to replace should have the best in construction and materials. By this we mean such items as footings and foundation, timber skeleton and frame work, windows and window frames, which are really part of the house frame, concealed ducts and wiring. All these things must last the life of the house.

Wiser to Wait

It is wiser to wait for some of the attractive furnishings and fixtures until more money is available, rather than to skimp on fundamental parts of a house which will only mean costly repairs, excessive heating bills and disgust and discomfort in years to come. Remember: if you can't replace them, make them good.

POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

Alvin Greeg and brother, Hiram, were in town the first of the week and reported a fine rain, the writer happens to know that Alvin has a pretty crop and will likely visit his watermelon patch a little later.

It is reported that the Hardestys will leave Washington for their home in McCaulley Tuesday the 25.

Mr. and Mrs. Ben Short are having their home repaired, new floors, new roof etc.

Roy Hennington has his home about completed. He purchased Pete Steel's house and is completely overhauling same and will have a modern home real soon.

The Jones Garage, which is under construction will be an asset to McCaulley. It will be 35 by 60 feet and fire proof throughout.

Mrs. Charlie Galloway who has been very ill is reported some better at this writing.

Mr. and Mrs. Howard Darden from Lubbock visited Mr. and Mrs. Geo. Darden the past week end. Howard was on his vacation and is employed by the 19th Street Pharmacy in Lubbock.

McCaulley will have a big political rally the night of the 17th of July and let it be known that it will not be a commercial affair, as the McCaulley people do not believe in taking the upper hand of the candidates and getting their money. Albert Hennington was in town Monday. He told us it was too wet to plow and he came to town to play mostly checkers.

D. L. Nickless, who lives in San Antonio, moved his stock of Drugs Saturday to that city. Mr. Nickless is to open a new drug store in the Alamo City about the first of July. We wish for him and his fine family every success and will say, we are losing a fine citizen.

Mr. and Mrs. Virgil Jackson have been on a vacation for the past few weeks, visiting in Odessa and other parts of West Texas.

Mrs. Bill Curry and daughter Imogene visited in the homes of Mr. and Mrs. S. E. Miers and other relatives the past week end.

atives the past week end. Mrs. Curry is the eldest daughter of Mr. Miers and her home is in Cisco.

Politics is warming up a bit and the candidates are doing their best to get the peoples' mind off of the war. Let's give them a lift.

Mrs. Lottie Rector has been slightly crippled for the past few days on account of having been jerked down by a cow. She says she is getting too old to manage these cows as she has in the past.

It would not be advisable, for the so-called fifth column to light in McCaulley and spread their propaganda. We don't like phonograph records without their pertain to good old Americanism. We believe in free speech but not the kind that is detrimental to American ideals. Democracy will live on, even though it be confined to the western hemisphere. Let's stay with our President and Congress in these times for preparedness.

Relatives Express

Thanks

We desire to express our deepest appreciation and gratitude to the people of the Hamlin community for their many acts of kindness shown us when death took our mother and sister. Such times of sorrow every word and token finds a response from those whose hearts are saddened. This is our humble manner of trying to thank every one.

BOYD CHAPEL CHIRPS

(By Mrs. L. F. Cozzen)

A very large crowd from Jones, Shackelford, and Fisher counties enjoyed the singing at Boyd Chapel Sunday afternoon. We are always glad for the convention to meet in our community. We invite each of you back.

Rev. J. D. Vaughan filled his regular appointment in the pulpit Sunday morning and evening.

Miss Edna Maude Crow spent last week with Miss Betty Jo Barkley of Anson.

Mrs. Lynn Sparks and children of Quanah are visiting her mother, Mrs. Ada McClure.

Miss Polly Kelley who is working in Hamlin spent the week end at home with her parents, Mr. and Mrs. V. R. Kelley.

Mr. and Mrs. Vaden Lester and sons spent Saturday night and Sunday with her parents, Mr. and Mrs. L. F. Cozzen.

Mr. and Mrs. A. L. Haught of Hitson spent Sunday with their son, Mr. Luther Haught and family. George Harris and Mrs. Delbert Miles of Abilene visited Sunday in the home of their sister, Mrs. F. L. Wood.

Mrs. Earl Brown had quite a few of her relatives in her home Sunday. Her parents, Mr. and Mrs. King of Anson, Mr. and Mrs. Raymond Elkins and daughter of Plasterco, Mr. and Mrs. Gordon Green of Sinclair, and Mr. and Mrs. Cloda Hubbard.

Mr. and Mrs. O. C. Haught and daughter Edna of Hitson spent Sunday with Mr. and Mrs. Ernest Cozzen.

Mrs. Austin Poe visited in the Milstead home one afternoon last week.

Mr. and Mrs. Mark Crow of Big Spring visited his parents, Mr. and Mrs. Judge Crow last week.

The singing last Wednesday evening at the Methodist church was well attended.

Next Sunday the third quarterly conference is to be held at the Methodist church. We extend a cordial invitation to all who wish to attend.

The Boyd Chapel and Neinda women have made thirty mattresses which the government has given to them.

Mr. and Mrs. Clayton Prindle and family of Hawley spent Sunday with Mr. and Mrs. Prindle of our community.

W. M. Kelley took the Boy Scouts of our community to McCaulley on Monday night to the Scout meeting.

Mr. and Mrs. Clinton Maberry of McCaulley and Mr. and Mrs. T. W. Flenniken of Wise Chapel spent Monday with their parents, Mr. and Mrs. J. P. Cornelius.

Mr. and Mrs. Leon Nickels of Hamlin and Miss Edna McCleskey of New Mexico visited Sunday in the home of Mr. and Mrs. J. P. Cornelius.

Mrs. W. D. Cooper returned Monday from Fort Worth where she had been with her daughter, Mrs. L. C. Denton, who underwent two major operations in a Fort Worth hospital. Mrs. Cooper was joined in Fort Worth by Mr. Cooper who, at the time, was visiting in Waco. Mrs. Denton's condition is improved.

Miss Villa Rountree returned Sunday from Norman, Oklahoma, where she had spent a week with her sister, Mrs. R. T. Spaulding. Her nephew, Rodney Allen Spaulding, returned with her to visit his grandparents, Mr. and Mrs. J. D. Rountree.

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary! Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.
